ALTO ADIGE DOC CABERNET 2024

Native to the French region of Bordelais, Cabernet is, together with Merlot, one of the most important international red wines. This global player requires warm soil and sunny vineyard sites in order to develop its typical varietal character: a deep color, intense flavors of berry and soft tannins. Like in Bordelais, two types of Cabernet (Sauvignon and Franc) are usually grown and vinified in South Tyrol.
